## SUMMARY

I am a passionate Frontend Developer with a robust foundation from the ITI Institute. My journey began at Weevo, where I honed my web development skills, particularly in JavaScript and React.js. I thrive on creating exceptional user experiences and have successfully led various projects that required both frontend and backend knowledge. I am committed to delivering high-quality, user-centered solutions while continuously seeking new challenges to enhance my expertise.

## EXPERIENCE

**Frontend Developer (Html, CSS, Tailwind, React.js, JWT, Redux, Context Api, Mui, React-Pdf, React-google-maps, RESTful APIs, Recharts)**

### Weevo

04/2024 - present

Cairo, Egypt

A company focused on enhancing order management and delivery systems.

- Designed the user interface (UI) to create an intuitive and visually appealing layout.
- Focused on user experience (UX) to ensure ease of navigation and accessibility.
- Optimized designs for desktops, tablets, and smartphones.
- Presenting data in a visually appealing. This involves selecting appropriate charts, graphs.
- Enhanced project performance by implementing the Single Responsibility Principle.
- Ensured each component is responsible for a single task, improving maintainability and clarity.
- Created an intuitive interface for managing and analyzing orders, merchants, and captains' data.
- Enabled efficient data searching, filtering, and exporting capabilities.
- Displayed distance and estimated time between receiving and delivery addresses using React Google Maps.
- Tracked captains' locations using React Google Maps.
- Generated and downloaded detailed PDF reports for merchants.
- Implemented RESTful APIs for seamless data interaction.
- Effective collaboration with designers and backend developers

**Frontend Developer (Html, CSS, Bootstrap)**

### Freelance

10/2024

Remote

Freelance projects focusing on web development and user interface design.

- Designed a responsive dashboard interface for data management and visualization.
- Built the dashboard using HTML, CSS, and Bootstrap.
- Implemented an intuitive layout for easy user navigation.
- Included filtering and search capabilities to enhance user experience.
